

FIRST CHOICE
TOM CRONE
FOR CLEAN GREEN MAYOR

Labour's disgraceful behaviour over the last decade has dragged our great city through the mud and opened the door to Tory rule imposed from London.

Our city is failing its climate crisis test. Green councillors forced the council to announce a Climate Emergency in July 2019, but under Labour it has been slow to act.

We must match words to deeds if future generations are to live in a city that survives and thrives.

BETTER IS POSSIBLE

I have the vision and the experience to lead. I will deliver clean government and positive change. A vote for me is a vote for hope.

FIGHTING INEQUALITY

I will push for a Basic Income trial in Liverpool. My plans to insulate thousands of homes will make them warmer while cutting bills. A green jobs transition fund will get the city working, moving and recovering from the pandemic.

I can confirm that the content of this election address has been prepared by me, Tom Crone. I am acting as my own Election Agent. My home address and EA address are both 53 Ancaster Road, Liverpool, L17 9QE.

**THINK GREEN?
 THEN VOTE GREEN**

Use your votes wisely – you get a first and second choice. Make me, Tom Crone, your first preference and use your second as you choose. The only wasted vote in this election is a vote for the failed parties of the past. A vote for me is a vote for hope and positive change.

**“Our city
 is at a
 crossroads.”
